INSTITUTIONAL DISTINCTIVENESS

Our college is known for its services to give a quality education at an affordable cost for the past 5 decades to various strata of the society. It opens the gateway to have higher education for economically, educationally downtrodden students and provides a sense of service notion by motivating students to contribute for the development of society by giving a platform for them under various committees. Our institution has conducted 84 international webinars on various themes under the aegis of different committees to provide a great opportunity to listen to foreign intellectuals. These webinars had been associated with various foreign universities, organizations, institutions and associations which is a landmark in the history of our Institution. All these webinars have been hosted by our students only which gave them the platform to nurture their talents in handling events like anchoring, welcoming, rendering vote of thanks. Few of our students are representing sports in university, State, National and International level like cycling, shooting etc. NSS and ISR committees are creating the platform for students to contribute for self-development as well as the development of society. Student Development Programs and Minor Research Projects have opened a different academic door to our students.
