

## SESHADRIPURAM EVENING DEGREE COLLEGE

### Institutional Distinctiveness – 2019-2020

Seshadripuram Evening Degree College is well known for its services to give a quality education from past 5 decades and its continuing to various strata's of the society. It provides a sense of service notion by motivating by students to contribute for development of society by giving a platform for them under various committees of the college. Especially NSS and ISR committee of the college is giving very wider opportunity for students to involve themselves to contribute for the self development and as well as the development of society. NSS Unit of the college supports most of the committees of the college hence students get ample opportunities to fetch a vast knowledge. This helps students to build their inner strength to become self reliant and progressive. Students have worked as covid warriors during this pandemic and served the society in different situations. Many students have participated in national and state level camps and got very good recognition which helped them to understand outside competition, culture, challenges and knowledge of different people under the different circumstances. Students have created awareness during this pandemic by involving in covid awareness programmes, mask distribution programmes, food distribution programmes, covid test camps covid vaccination camps and health awareness programmes. Further our volunteers participated in plastic free forest, plantation, and seed ball preparation along with alumni association. Under Institution Social Responsibility committee students reached different school to educate them under different subjects and, they involved themselves in paper cover manufacturing and selling those covers to nearby shops. We can confidently claim that Social Service and community engagement is the distinctive area of our college. Being a commerce college, our goal is to give opportunity for all the student and "foster excellence in service through engaged knowledge building". Our institution engaged deeply in a number of community engagement activities as well as moral and ethical values involved programs. Hence, in addition to the general community engagement activities, the whole college involved in the activity in different ways. Our volunteers visited COVID wards and worked as worriers and helped the patients to regain the confidence.
