

## OPPORTUNITY AFTER B.COM

- ❖ Cost Accountant
- ❖ Financial Analyst
- ❖ Tax Consultant
- ❖ Business Analyst
- ❖ Human Resources
- ❖ M.Com (Master of Commerce)
- ❖ MBA (Master of Business Administration)
- ❖ Master's in Finance or Accounting
- ❖ CFA (Chartered Financial Analyst)
- ❖ CMA (Certified Management Accountant)
- ❖ CPA (Certified Public Accountant)

## GOVERNMENT JOBS AFTER B.COM

- ✓ IBPS PO
- ✓ SBI PO
- ✓ SBI Clerk
- ✓ UPSC/SCC
- ✓ RBI Officer

## **SESHADRIPURAM EVENING COLLEGE**

No. 27, Nagappa Street, Seshadripuram, Bengaluru – 560020

### **Department of Commerce and Management**

#### **BACHELOR OF COMMERCE (B.COM)**

#### **PROGRAMME OUTCOME 2023-24**

**PO - 1:** To satisfy the labour demands of businesses in the areas of administration, taxation, and accounting.

**PO - 2:** To develop business philosophers who priorities social responsibility and environmental sustainability.

**PO - 3:** To create multidisciplinary, moral managers.

**PO - 4:** To throw light on sustainability and the business environment.

**PO - 5:** To encourage teamwork and effective communication.

#### **COURSE OUTCOMES 2023-24**

### **I SEMESTER**

#### **Financial Accounting:**

- Understand the theoretical framework of accounting as well as accounting standards.
- Demonstrate the ability to prepare financial statement of manufacturing and nonmanufacturing entities of sole proprietors.
- Workout the accounting treatments for consignment transactions & events in the books of consignor and consignee.
- Understand the accounting treatment for royalty transactions & articulate the Royalty agreements.
- Demonstrate various accounting treatments for dependent and independent branches.

### **Management Principles and Applications:**

- Bring out the relevance of F W Taylor's view on management in today's knowledge era.
- Design strategic plans for various organizations for the attainment of organizational goals.
- Differentiate between the different types of organizational structures and authority and identify the best one for an MNC.
- Compare the different types of leadership styles.
- Identify a few control techniques for better productivity of an organization.

### **Principles of Marketing:**

- Understand the basic concepts of marketing and assess the marketing environment.
- Discover the new product development & identify the factors affecting the price of a Product in the present context.
- Judge the impact of promotional techniques on the customers & importance of channels of distribution.
- Outline the recent developments in the field of marketing.
- Analyze the consumer behavior in the present scenario and marketing segmentation.

### **Economics of Business Environment:**

- Students should be able to describe the components of a business environment by the end of the course.
- Determine the environmental restrictions on a company's expansion.
- Examine how to optimally take advantage of the existing environmental circumstances to propel business expansion.

### **Yoga:**

- Students will demonstrate their proficiency in the positions that were covered in class.
- The dynamic flexibility of students will increase.
- To use the energy of our chakras to enhance our sadhana.

### **Health and Wellness:**

- Enlighten in order to gain a deeper comprehension of constructive behaviours and approaches.
- Students should embrace ideas and behaviours that improve their health.
- Demonstrate your capacity to assist individuals from various backgrounds who are concerned for their health and safety.

## **II SEMESTER**

### **Advanced Financial Accounting:**

- Understand & compute the amount of claims for loss of stock & loss of Profit.
- Learn various methods of accounting for hire purchase transactions.
- Deal with the inter-departmental transfers and their accounting treatment.
- Prepare financial statements from incomplete records.
- Outline the emerging trends in the field of accounting.

### **Corporate Administration:**

- Understand the framework of Companies Act of 2013 and different kind of companies.
- Identify the stages and documents involved in the formation of companies in India.
- Analyse the role, responsibilities and functions of Key management Personnel incorporate Administration.
- Examine the procedure involved in the corporate meeting and the role of company secretary in the meeting.
- Evaluate the role of liquidator in the process of winding up of the company.

### **Law and Practice Of Banking:**

- Summarize the relationship between Banker & customer and different types of functions of banker.
- Analyse the role, functions and duties of paying and collecting banker.
- Make use of the procedure involved in opening and operating different accounts.
- Examine the different types of negotiable instrument & their relevance in the present context.
- Estimate possible developments in the banking sector in the upcoming days.

### **Environmental Studies:**

- Demonstrate mastery of core ecological and physical science concepts and methods as they pertain to environmental problem-solving.
- Recognize and integrate the international, cross-cultural, and transdisciplinary nature of environmental problems in analyses and solutions.
- To create awareness of climate change, their knowledge of how to recycle waste, ecological topics and water cycle.
- Students will understand key concepts of life and physical sciences and be able to apply them to environmental issues.

**Economics:**

- To understand the basics of rural development.
- To study the characteristics, problems and program of rural redevelopment.
- To study the trends and patterns of economic activities in rural areas.
- To study the role of infrastructural facilities and governance in rural development.

**Sports:**

- To convey to students the fundamentals of physical education.
- To expose students to sports and activities connected to health for their general development.
- To establish the groundwork for physical education practitioners.
- To convey the fundamental knowledge and abilities needed to instruct physical education.

**III SEMESTER****Corporate Accounting:**

- Understand the treatment of underwriting of corporate Securities.
- Comprehend the computation of profit prior to incorporation.
- Know the valuation of Goodwill.
- Know the valuation corporate Securities.
- Prepare the financial statements of companies as per the Companies Act 2013.

**Business Statistics**

- Understand statistical data and descriptive statistics for business data Analysis.
- Comprehend the measures of Central Tendency, Dispersion and Skewness.
- Validate the application of Correlation Analysis in business decisions.
- Apply the Regression Analysis Technique for business decisions.

**Cost Accounting**

- Demonstrate an understanding of the concepts of costing and cost accounting.
- Classify, allocate apportion overheads and calculate overhead absorption rates.
- Demonstrate the ability to calculate labour cost.
- Demonstrate the ability to prepare a cost sheet.
- Prepare material related documents, understand the management of stores and issue procedures.

## **Economics**

- To understand the current problems of Indian Economy.
- Identify the factors contributing to the recent growth of the Indian Economy.
- Evaluate impact of LPG policies on economic growth of India.
- Review various economic policy adopted.

## **IV SEMESTER**

### **Advanced Corporate Accounting**

- Know the procedure of redemption of Preference Shares and Debentures.
- Comprehend the different methods of Amalgamation and Acquisition of Companies.
- Understand the process of internal reconstruction.
- Prepare the liquidators Final statement of accounts.
- Understand the process of Liquidation of Companies in India

### **Costing Methods and Techniques**

- Understand the various methods of costing applicable to different industries.
- Determine the cost under different methods of costing.
- Analyze the processes involved in standard costing and variance analysis.
- Apply the knowledge gained for decision making.

### **Business Regulatory Framework**

- Comprehend the laws relating to Contracts and its application in business activities.
- Comprehend the rules for Sale of Goods and rights and duties of a buyer and a seller.
- Understand the importance of Negotiable Instrument Act and its provisions relating to cheque and other Negotiable Instruments.
- Understand the need for Environment Protection.

## **V Semester**

### **Financial Management**

- Understand the Role of Financial Managers effectively in an organization.
- Apply the compounding & discounting techniques for time value of money.
- Take investment decision with appropriate capital budgeting techniques for investment proposals.
- Understand the factors influencing the capital structure of an organization.
- Understand the factors influencing the working capital requirements of an organization.

### **Income Tax Law and Practice – I**

- Understand the basic concepts of Income Tax as per Income Tax Act 1961.
- Understand the provisions for determining the residential status of an Individual.
- Compute the income house property for different categories of house property.
- Comprehend the assessment procedure and to know the power of income tax authorities.

### **Principles and Practice of Auditing**

- Understand the conceptual framework of auditing.
- Examine the risk assessment and internal control in auditing.
- Comprehend the relevance of IT in audit and audit sampling for testing.
- Examine the company audit and the procedure involved in the audit of different entities.
- Gain knowledge on different aspect of audit reporting and conceptual framework applicable on professional accountants.

### **Advanced Accounting**

- Understand the key principles and theories of Advanced Accounting.
- Learn various valuation methods and techniques used in practice.
- Develop skills in Advanced Accounting.
- Explore the challenges and considerations involved in preparation of financial statements of Banking & Insurance companies.
- Gain knowledge of Advanced Accounting and their impact on business.

### **Financial Institutions and Markets**

- Understand the structure of Indian financial system and its constituents.
- Outline the role of capital and money market in economic development.
- Comprehend primary and secondary market and its relevance in capital formation.
- Appraise the role played by banking and development financial institutions in economic development so far.
- Understand the different types of NBFCs and their contribution.

### **Human Resources Management**

- Describe the role and responsibility of Human resources management functions on business.
- Describe HRP, Recruitment and Selection process.
- Describe to induction, training, and compensation aspects.
- Explain performance appraisal and its process.
- Demonstrate Employee Engagement and Psychological Contract.

### **GST - Law & Practice**

- Comprehend the concepts of Goods and Services tax.
- Understand the fundamentals of GST.
- Understand the GST Registration Process.
- Analyze the GST Procedures in Business.
- Know the GST Assessment and its computation.

### **Employability Skills**

- Solve the problems on quantitative aptitude, logical reasoning and analytical ability.
- Exhibit the communication and leadership skills.
- Face interviews and write resumes.
- Conduct self SWOC analysis and set his career goals.

## **IV SEMESTER**

### **Management Accounting**

- Demonstrate the significance of management accounting in decision making.
- Analyze and interpret the corporate financial statements by using various techniques.
- Compare the financial performance of corporate through ratio analysis.
- Understand the latest provisions in preparing cash flow statement.
- Understand the concepts of Budgetary Control.

### **Income Tax Law & Practice – II**

- Understand the procedure for computation of income from business and other Profession.
- Understand the provisions for computation of capital gains.
- Learn to compute the taxable income from other sources.
- Learn the computation of total income of an Individual.
- Understand the provisions relating to Set Off and Carry Forward of Losses.

### **Advanced Financial Management**

- Understand Weighted Average Cost of Capital and its significance.
- Comprehend the different advanced capital budgeting techniques.
- Understand different capital structure theories and its application in financing decisions.
- Evaluate different dividend decisions and its impact on the security valuation.
- Understand the important components of Working capital and its management.

### **Indian Accounting Standards**

- Understand the need and benefits of accounting standards.
- Prepare the financial statements as Indian Accounting standards.

- Comprehend the requirements of Indian Accounting Standards for recognition, measurement and disclosures of certain items appear in financial statements.
- Understand the Accounting Standards for Items that do not appear in Financial Statements.
- Understand the preparation of calculation of NCI & Cost of control.

#### **Human Resources Development**

- Understand the need of HRD.
- Comprehend the framework of HRD.
- Know the models for evaluating the HRD programs.
- Comprehend the need for employee counseling.
- Apprehend the HR performance.

*N.S.L.*  
**PRINCIPAL**  
**SESHADRIPURAM EVENING COLLEGE**  
**BANGALORE-560 020**

## OPPORTUNITY AFTER BBA

- ❖ Master of Business Administration (MBA)
- ❖ Certified Management Accountant (CMA)
- ❖ Chartered Financial Analyst (CFA)
- ❖ Hotel Management
- ❖ Supply Chain Management & Logistics
- ❖ Event Management
- ❖ Business Development Executive
- ❖ Marketing Executive/Manager
- ❖ Sales Manager

## GOVERNMENT JOBS AFTER BBA

- ✓ Civil Service Exam
- ✓ Railway Recruitment Board Non-Technical Popular Categories
- ✓ SEBI Grade A
- ✓ RBI Grade B
- ✓ LIC AAO

**Department of Commerce and Management**  
**BACHELOR OF BUSINESS ADMINISTRATION (B.B.A)**  
**PROGRAMME OUTCOME 2023-24**

**PO 1:** To cater to the manpower needs of companies in Accounting, Taxation, Auditing, Financial analysis and Management.

**PO 2:** To develop business analysts for companies, capital markets and commodity markets.

**PO 3:** To prepare students to take up higher education to become business scientists, researcher's consultants and teachers, with core competencies.

**PO 4:** To develop human resources to act as think tank for Business Development related issues.

**PO 5:** To develop entrepreneurs.

**COURSE OUTCOMES 2023-24**

**I SEMESTER**

**Management Principles & Practice**

- The ability to understand concepts of business management, principles and function of management
- The ability to explain the process of planning and decision making.
- The ability to create organization structures based on authority, task and responsibilities.
- The ability to explain the principles of direction, importance of communication, barrier of communication, motivation theories and leadership styles.
- The ability to understand the requirement of good control system and control techniques.

**Fundamentals of Accounting**

- Understand the framework of accounting as well accounting standards.
- The Ability to pass journal entries and prepare ledger accounts
- The Ability to prepare various subsidiary books
- The Ability to prepare trial balance and final accounts of proprietary concern.
- Construct final accounts through application of accounting software tally.]

**Marketing Management**

- Understand the concepts and functions of marketing.
- Analyse marketing environment impacting the business.

- Segment the market and understand the consumer behavior.
- Describe the 4 p's of marketing and also strategize marketing mix
- Describe 7 p's of service marketing mix.

### **Business Organization**

- An understanding of the nature, objectives and social responsibilities of business
- An ability to describe the different forms of organizations.
- An understanding of the basic concepts of management.
- An understanding of functions of management.
- An understanding of different types of business combinations.

### **Economics of Business Environment:**

- Students should be able to describe the components of a business environment by the end of the course.
- Determine the environmental restrictions on a company's expansion.
- Examine how to optimally take advantage of the existing environmental circumstances to propel business expansion.

### **Yoga:**

- Students will demonstrate their proficiency in the positions that were covered in class.
- The dynamic flexibility of students will increase.
- To use the energy of our chakras to enhance our sadhana.

### **Health and Wellness:**

- Enlighten in order to gain a deeper comprehension of constructive behaviours and approaches.
- Students should embrace ideas and behaviours that improve their health.
- Demonstrate your capacity to assist individuals from various backgrounds who are concerned for their health and safety.

## **II SEMESTER**

### **Financial Accounting**

- Ability to understand the conversion of single entry into double entry.
- The ability to prepare final accounts of partnership firms.
- The ability to understand the process of public issue of shares and accounting for the same.
- The ability to prepare final accounts of joint stock companies.

- The ability to prepare and evaluate vertical and horizontal analysis of financial statements.

### **Human Resource Management**

- Ability to describe the role and responsibility of Human resources management functions on business.
- Ability to describe HRP, Recruitment and Selection process.
- Ability to describe to induction, training, and compensation aspects.
- Ability to explain performance appraisal and its process.
- Ability to demonstrate Employee Engagement and Psychological Contract.

### **Business Environment**

- An Understanding of components of business environment.
- Ability to analyze the environmental factors influencing business organization.
- Ability to demonstrate Competitive structure analysis for select industry.
- Ability to explain the impact of fiscal policy and monetary policy on business.
- Ability to analyze the impact of economic environmental factors on business.

### **Environmental Studies:**

- Demonstrate mastery of core ecological and physical science concepts and methods as they pertain to environmental problem-solving.
- Recognize and integrate the international, cross-cultural, and transdisciplinary nature of environmental problems in analyses and solutions.
- To create awareness of climate change, their knowledge of how to recycle waste, ecological topics and water cycle.
- Students will understand key concepts of life and physical sciences and be able to apply them to environmental issues.

### **Economics:**

- To understand the basics of rural development.
- To study the characteristics, problems and program of rural redevelopment.
- To study the trends and patterns of economic activities in rural areas.
- To study the role of infrastructural facilities and governance in rural development.

### **Sports:**

- To convey to students the fundamentals of physical education.
- To expose students to sports and activities connected to health for their general development.
- To establish the groundwork for physical education practitioners.

- To convey the fundamental knowledge and abilities needed to instruct physical education.

### **III SEMESTER**

#### **Cost Accounting**

- Demonstrate an understanding of the concepts of costing and cost accounting.
- Classify, allocate apportion overheads and calculate overhead absorption rates.
- Demonstrate the ability to calculate labour cost.
- Demonstrate the ability to prepare a cost sheet.
- Prepare material related documents, understand the management of stores and issue procedures.

#### **Organizational Behaviour**

- Demonstrate an understanding of the role of OB in business organization.
- Demonstrate an ability to understand individual and group behavior in an organization.
- Be able to explain the effectiveness of organizational change and development of organization.
- Demonstrate an understanding of the process of organizational development and OD Interventions.

#### **Statistics for Business Decisions**

- To understand the basic concepts in statistics.
- To classify and construct statistical tables.
- To understand and construct various measures of central tendency, dispersion and skewness.
- To apply correlation and regression for data analysis.

#### **Economics**

- To understand the current problems of Indian Economy.
- Identify the factors contributing to the recent growth of the Indian Economy.
- Evaluate impact of LPG policies on economic growth of India.
- Review various economic policy adopted.

### **IV SEMESTER**

#### **Management Accounting**

- Explain the application of management accounting and various tool used.
- Make inter – firm and inter- period comparison of financial statements.
- Analyze financial statements using various ratios for business decisions.

- Prepare fund flow and cash flow statements e) Prepare different types of budgets for the business.

### **Financial Markets & Services**

- Understand the Overview of Indian financial system.
- Understand the different types of financial institutions and their role.
- Understand concept of financial services, types and functions.
- Understand the different types of financial Instruments and its features. e) Understand the different types of financial market and its role.

### **Financial Management**

- To identify the goals of financial management.
- To apply the concepts of time value of money for financial decision making.
- To evaluate projects using capital budgeting techniques.
- To design optimum capital structure using EBIT and EPS analysis.
- To evaluate working capital effectiveness in an organization.

## **V SEMESTER**

### **Production and Operations Management**

- Understand ever growing importance of Production and Operations Management in an uncertain business environment.
- Gain an in-depth understanding of Plant Location and Layout.
- Appreciate the unique challenges faced by firms in Inventory Management.
- Understand the subject of Production Planning and Control.
- Develop skills to operate competitively in the current business scenario.

### **Income Tax – I**

- Comprehend the procedure for computation of Total Income and tax liability of an individual.
- Understand the provisions for determining the residential status of an Individual.
- Comprehend the meaning of Salary, Perquisites, and Profit in lieu of salary, allowances and various retirement benefits.
- Compute the income house property for different categories of house property.
- Comprehend TDS & advances tax Ruling and identify the various deductions under section 80.

### **Banking Law and Practice**

- Understand the legal aspects of banker and customer relationship.
- Open the different types of accounts.
- Describe the various operations of banks.

- Understand the different types of crossing of cheques and endorsement.
- Understanding of different types of E-payments.

### **Human Resource Development and Leadership**

- Understand the need of HRD.
- Comprehend the framework of HRD. c) Understand the models for evaluating the HRD.
- Analyse different leadership styles, types, patterns and functions.
- Demonstrate an understanding of various leadership approaches for effective management of people.

### **Digital Marketing**

- Gain knowledge on Digital Marketing , Email marketing and Content marketing.
- Understand Search Engine Optimization tools and techniques.
- Gain skills on creation of Google Ad Words & Google AdSense.
- Gain knowledge on Social Media Marketing and Web Analytics.
- Gain knowledge on YouTube Advertising & Conversions.

## **VI SEMESTER**

### **Business Law**

- Comprehend the laws relating to Contracts and its application in business activities.
- Comprehend the rules for Sale of Goods and rights and duties of a buyer and a Seller.
- Understand the importance of Negotiable Instrument Act and its provisions relating to Cheque and other Negotiable Instruments.
- Understand the significance of Consumer Protection Act and its features.
- Understand the need for Environment Protec

### **Income Tax – II**

- Understand the procedure for computation of income from business and other Profession.
- Ability to compute capital gains. c) Compute the income from other sources.
- Demonstrate the computation of total income of an Individual.
- Comprehend the assessment procedure and to know the power of income tax authorities.

### **International Business**

- Understand the concept of International Business.
- Differentiate the Internal and External International Business Environment.
- Understand the difference between MNC and TNC.
- Understand the role of International Organizations in International Business. e) Understand International Operations Management.

### **Advertising and Media Management**

- Understand the nature, role, and importance of IMC in marketing strategy.
- Understand effective design and implementation of advertising strategies.
- Present a general understanding of content, structure, and appeal of advertisements.
- Understand ethical challenges related to responsible advertising and brand strategy management.
- Evaluate the effectiveness of advertising and agencies role.

### **Event Management**

- Understand the significance of various events.
- Demonstrate the ability to organize the event.
- Demonstrate the ability to conduct the event.
- Prepare the budget require for conducting an event.
- Learn the planning and executing of corporate events.

  
**PRINCIPAL**  
**SESHADRIPURAM EVENING COLLEGE**  
**BANGALORE-560 020**

## OPPORTUNITY AFTER BCA

- ❖ M.C.A. (Master of Computer Applications)
- ❖ M.S. in Computer Science
- ❖ M.Sc. in Data Science
- ❖ M.Tech in Computer Science
- ❖ Software Development & IT Services
- ❖ Database Management
- ❖ System Administration & IT Support
- ❖ Business Intelligence & Data Science
- ❖ IT Consulting & Project Management

## GOVERNMENT JOBS AFTER BCA

- ✓ CIMFR as Project Assistant
- ✓ MBDA as Data Management Executive
- ✓ High Court as Technical Assistant
- ✓ NIOS as Consultant

## **Department of Computer Science**

### **BACHELORS OF COMPUTER APPLICATIONS (BCA)**

#### **PROGRAMME OUTCOMES 2023-24**

**PO-1:** Identify, formulate, review and analyze complex problems using various techniques.

**PO-2:** Communicate effectively on complex activities and with the society at large and write effective documentation, make effective presentation and give and receive clear instructions.

**PO-3:** Function effectively as an individual, and as a member or leader or project manager in project team.

**PO-4:** Recognize the needs for, and have the preparation and ability to engage in independent and lifelong learning.

**PO-5:** Development of analytical, programming and logical skills

#### **COURSE OUTCOMES 2023-24**

##### **I SEMESTER**

##### **PROBLEM SOLVING TECHNIQUES:**

- Creating and evaluating algorithms for various challenges.
- Developing programs with decision-making frameworks, loops, functions, and pointers.

##### **DATA STRUCTURE:**

- Explains many data structure types along with their benefits and drawbacks.
- Determine the algorithm's complexity and choose the best data format for the given problem.

## **Department of Computer Science**

### **Advertising and Media Management**

- Understand the nature, role, and importance of IMC in marketing strategy.
- Understand effective design and implementation of advertising strategies.
- Present a general understanding of content, structure, and appeal of advertisements.
- Understand ethical challenges related to responsible advertising and brand strategy management.
- Evaluate the effectiveness of advertising and agencies role.

### **Event Management**

- Understand the significance of various events.
- Demonstrate the ability to organize the event.
- Demonstrate the ability to conduct the event.
- Prepare the budget require for conducting an event.
- Learn the planning and executing of corporate events.

### **DISCRETE STRUCTURE:**

- Learning the fundamentals of probability, relations, and set theory.
- Learn about graph and tree representation and its uses.

### **BUSINESS ORGANISATION:**

- To provide knowledge of the goals, character, and social obligations of business.
- The capacity to explain the various organizational forms.
- An awareness of management's fundamental ideas.
- A comprehension of management functions.
- Knowledge of the many kinds of commercial alliances.

### **YOGA:**

- The student will be able to show proficiency of the poses discussed in class.
- The student's dynamic flexibility will grow.
- Breathing's anatomy and physiology.
- To strengthen your sadhana by utilizing the chakra energy.

### **HEALTH AND WELLNESS:**

- Explain that you have a better understanding of the positive actions and methods that make a community secure.
- Students should adopt thoughts and actions that will enhance their own health and make it easier for them to take care of others.
- Showcase your ability to help people from different backgrounds who are worried about their safety or health.
- Self-care techniques and support from others should be integrated with a Christian worldview.

## **II SEMESTER**

### **COMPUTER ARCHITECTURE:**

- To comprehend computer background communication (internal communication).
- With memory-management approaches, let me be clear.
- Comprehend the central processing unit's theory and architecture.

### **OBJECT ORIENTED PROGRAMMING USING JAVA:**

- To use Java to analyse and create programs to solve real-world issues. comprehend the central processing unit's theory and architecture.
- builds loops in Java.
- Declares classes and objects.
- Explains exceptions and handles them.
- Writes Java programs with multiple threads.

### **DATABASE MANAGEMENT SYSTEM:**

- Give a brief description of the core components of relational database management systems.
- Describe the fundamental ideas behind relational database design, relational algebra, entity-relationship modelling, and SQL.
- By normalizing the database, the design can be improved.
- Create ER-models that depict straightforward database application scenarios. Normalize your database.

### **PEOPLE MANAGEMENT:**

- Ability to examine the difference between People Management with Human resource Management
- Ability to explain the need for and importance of People Management.
- Ability to explain role of manager in different stages of performance management process.
- Ability to list modern methods of performance and task assessment.
- Ability to analyse the factors influencing the work life balance of a working individual.

### **FINANCIAL EDUCATION & INVESTMENT AWARENESS:**

- Provide the foundations for financial decision making
- List out various saving and investment alternatives available for a common man
- Give a detailed overview of stock markets and stock selection.
- Orient the learners about mutual funds and the criteria for selection.

### **SPORTS:**

- To impart the students with basic concepts of Physical Education, Sports and Yoga for health and wellness.

- To familiarize the students with health related Exercises, Sports and Yoga for Overall growth & development.
- To create a foundation for the professionals in Physical Education, Sports and Yoga.
- To impart the basic knowledge and skills to teach Physical Education, Sports & Yoga activities.

### **III SEMESTER**

#### **OPERATING SYSTEMS:**

- To understand the basic concepts and functions of operating systems.
- To analyze Scheduling algorithms
- To Understand deadlock, prevention and avoidance algorithms.
- Compare and contrast various memory management schemes.

#### **COMPUTER NETWORKS**

- The functions of OSI and TCP/IP model Layers.
- Familiarise with the Transmission Media, Flow Control and Error Detection & Correction.
- Understand fundamental concepts in Routing, Addressing & working of Transport Protocols.
- Understand Different types of networks and IP addresses.

#### **PYTHON PROGRAMMING**

- Interpret the fundamental Python syntax and semantics and be fluent in the use of Python control flow statements.
- Determine the methods to create and manipulate Python programs by utilizing the data structures like lists, dictionaries, tuples and sets.
- Use of Arrays and Data structures.
- Use of visual tools to represent data.

#### **COMPUTER ASSEMBLY AND REPAIR LAB**

- Understand Basics of Hardware Components.
- Acquire knowledge of Finding Faults in Components.
- Install, Configure and maintain various components in computer system and peripherals.

- Diagnose faults of Different Component.
- Repair and maintain computer system and its peripherals

#### **SOCIAL MEDIA MARKETING:**

- Understand social media marketing goals for successful online campaigns.
- Analyze the effective social media marketing strategies for various types of industries and businesses.
- Design social media content and create strategies to optimize the content's reach to the target audience.
- Design a suitable social media campaign for the business goals.

#### **SPORTS:**

- To impart the students with basic concepts of Physical Education, Sports and Yoga for health and wellness.
- To familiarize the students with health related Exercises, Sports and Yoga for Overall growth & development.
- To create a foundation for the professionals in Physical Education, Sports and Yoga.
- To impart the basic knowledge and skills to teach Physical Education, Sports & Yoga activities.

#### **IV SEMESTER**

##### **SOFTWARE ENGINEERING**

- Knowledge of basic SW engineering methods and practices, and their appropriate application.
- Describe software engineering layered technology and Process frame work.
- A general understanding of software process models such as the waterfall and evolutionary models.
- Understanding of software requirements and the SRS documents.
- Understanding of the role of project management including planning, scheduling, risk management, etc.
- Describe data models, object models, context models and behavioral models.

- Understanding of different software architectural styles.

## **INTERNET TECHNOLOGIES**

- Analyze a web page and identify its elements and attributes.
- Create web pages using HTML and Cascading Style Sheets.
- Build dynamic web pages using JavaScript (Client side and Server side programming).
- Understanding Various Web frameworks and Database connectionally.

## **DESIGN AND ANALYSIS OF ALGORITHMS**

- Analyze the asymptotic performance of algorithms.
- Write rigorous correctness proofs for algorithms.
- Demonstrate a familiarity with major algorithms and data structures.
- Apply important algorithmic design paradigms and methods of analysis.
- Design algorithms using different algorithms design techniques i.e. Divide and Conquer, Dynamic Programming, Greedy Algorithms & Backtracking.
- Analyze Algorithms (estimate upper & lower bounds without coding and running the algorithms) and compare the efficiency of different algorithms for a problem.
- Implement and test algorithms.
- Design efficient algorithms for moderately difficult computational problems, using various algorithm design techniques taught in the course.

## **V SEMESTER**

### **ARTIFICIAL INTELLIGENCE**

- Understand the various characteristics of problem solving agents and apply problem solving through search for AI applications.
- Appreciate the concepts of knowledge representation using Propositional logic and Predicate calculus and apply them for inference/reasoning.
- Obtain insights about Planning and handling uncertainty through probabilistic reasoning and fuzzy systems.

- Understand basics of computer vision and Natural Language Processing and understand their relevance in AI applications.
- Obtain insights about machine learning, neural networks, deep learning networks and their significance.

### **DATA ANALYTICS**

- Explore the fundamental concepts of data analytics
- Recognize and conduct statistical inference to solve engineering problems.
- Appreciate the science of statistics and the scope of its potential applications
- Summarize and present data in meaningful ways
- Select the appropriate statistical analysis depending on the research question at hand
- Form testable hypotheses that can be evaluated using common statistical analyses
- Effectively and clearly communicate results from analyses performed to others

### **WEB PROGRAMMING**

- Understand the basics of Web Programming concepts
- To build dynamic web pages with validation using JavaScript objects and by applying different event-handling mechanisms.
- Analyze various PHP library functions that manipulate files and directories.
- To develop modern interactive web applications using PHP and XML

### **QUANTITATIVE TECHNIQUES**

- Identify, formulate and solve Linear Programming Problems graphically, mathematically and by using excel solver.
- Solve optimization problems like transportation and assignment problem mathematically and by using excel solver.
- Develop critical thinking and use PERT and CPM techniques to improve decision making.
- Identify different types of decision-making environments and choose the appropriate decision-making approaches for each.

### **COMPUTER GRAPHICS**

- Geometrical Transformations in 2-Dimensional and 3-Dimensional perspectives
- Object representations
- Surface detection procedures
- Computer Animations
- Learn how computer graphics are used in different application areas.
- To introduce the use of the components of a graphics system and become familiar with building approach of graphics system components and algorithms.

### **CYBER CRIMES, CYBER LAWS AND INTELLECTUAL PROPERTY RIGHTS**

- Understand cyber crimes, their nature, legal remedies and as to how report the crimes through available platforms and procedures.
- Recognize various privacy and security concerns on Social media and e-commerce platforms.
- Use basic tools and technologies to protect their devices.
- Understand digital environment and IPR issues

### **VI SEMESTER**

#### **PROJECT WORK**

- Allows a student to demonstrate their capabilities while working independently
- Ability to apply desired skills for building project along with research
- Ability to work with their peers, building teamwork and group skills
- Plan for their future technology.

#### **MACHINE LEARNING**

- Learn the basics of machine learning, understanding its uses, challenges, and various applications.
- Build practical data skills, covering data collection, analysis, visualization, and preparation.
- Become skilled in using classification and regression algorithms, including selecting, training, and evaluating models.

- Dive into advanced clustering and specialized applications, using methods like KMeans, DBSCAN, and others.

### **MOBILE APPLICATION DEVELOPMENT**

- Understand the basic concepts of Mobile application development
- Design and develop user interfaces for the Android platforms
- Apply Java programming concepts to Android application development and create an application using database

### **ELECTRONIC CONTENT DESIGN**

- To deliver the content via various media such as radio, television, computer etc.
- To increase students' concentration on particular subject matter in depth learning
- To feel emotionally good with joyful learning and active learning involvement of students during the content delivery
- To reuse many time the content to various group of same class without hesitate and unchanging.
- To handle easy to the facilitators during the content delivery.
- To modify the content with present time needs.

### **OPERATION RESEARCH**

- Formulation of optimization model and applying appropriate optimization techniques for decision making.
- Solve linear programming problems using appropriate optimization techniques.
- Finding the optimal strategy for Minimization of Cost of shipping of products from source to Destination.
- Optimizing the allocation of resources to Demand points in the best possible way.

# SESHADRIPURAM EVENING COLLEGE

## DEPARTMENT OF ENGLISH

### Course Outcome 2023-24

#### Sem 1

- Acquired receptive skills through comprehension passages
- Interpretational skills through analysis of different graphs, charts, tables and statistical diagrams and interpret the same.
- Listening skills pertaining to job interviews and conversation.
- Productive skills which enhance the skills of introducing, requesting, enquiring, congratulating, seeking permission and offering help.
- Socially sensitised towards issues like discrimination against transgenders, conflict between traditional and modern, fair trade, job opportunities.

#### Sem 2

- Acquired receptive skills through comprehension passages which focus on factual & global relevance and data compilation.
- Developed vocabulary building.
- Honed LSRW skills.
- Learnt to report conversations meaningfully minding differences in tense, person and time and place between the original conversation and the report.
- Sensitized students to the basics of Western and Indian theatre.

#### Sem 3

- Acquired enhanced LSRW (Listening, Speaking, Reading, Writing) skills
- Equipped themselves with interpersonal communication skills
- Augmented presentation and analytical skills
- Ability to critically analyze, interpret and appreciate literary texts
- An awareness of social, cultural, religious and ethnic diversities
- Facilitated employability in emerging sectors such as – content writers, interpreters, translators, transcribers

#### Sem 4

- Acquired creative, interpretative and critical thinking.
- Skills to communicate confidently and effectively.
- Obtained persuasive and creative social media writing skills.
- Developed analytical and evaluative skills.
- Learnt to identify and understand social contexts and ethical frameworks in the texts.
- Ability to articulate their views with clarity and confidence.
- Eligibility to take up jobs such as content writing, journalism and other jobs with proficiency in English.

ಶೇಷಾದ್ರಿಪುರಂ ಸಂಜೆ ಕಾಲೇಜು  
ಕನ್ನಡ ವಿಭಾಗ

ಪಠ್ಯದ ಹೆಸರು : ಕನ್ನಡ ಭಾಷಾ ಪಠ್ಯ - ವಾಣಿಜ್ಯ ಸೌರಭ

2023 -2024 ನೇ ಸಾಲಿನ ಮೊದಲ ಸೆಮಿಸ್ಟರ್ ಬಿ.ಕಾಂ ಪದವಿ ಕನ್ನಡ ಭಾಷಾ ಪಠ್ಯಗಳ ಉದ್ದೇಶ

**ಘಟಕ -1 ನಾಡು - ನುಡಿ**

ಕನ್ನಡ ನಾಡು ಮತ್ತು ನುಡಿಯ ಸಮಾನತೆಯ ಚಿಂತನೆಯ ಜೊತೆಗೆ ಕನ್ನಡದ ಅಭಿಮಾನವು, ಕ್ರಿಯಾಶೀಲತೆಯ ಅಭಿವ್ಯಕ್ತಿಯಲ್ಲಿ ಹೊರಹೊಮ್ಮಬೇಕಾದ ಚಿಂತನೆಗಳನ್ನು ಯುವಪೀಳಿಗೆಗೆ ತಲುಪಿಸುವುದು.

**ಘಟಕ - 2 ಸಂಸ್ಕೃತಿ**

ಸಮಾನತೆ, ಭ್ರಾತೃತ್ವ, ಸೌಹಾರ್ದತೆ, ಸಹಬಾಳ್ವೆಯ ಜೀವನಮೌಲ್ಯಗಳನ್ನು ಒಳಗೊಂಡ ಕರ್ನಾಟಕ ಸಂಸ್ಕೃತಿಯ ಬೇರುಗಳನ್ನು ಮತ್ತೊಮ್ಮೆ ಶೋಧಿಸಲು ಪ್ರೇರೇಪಿಸುವುದು.

**ಘಟಕ -3 ಜಾಗತೀಕರಣ**

ಕನ್ನಡದ ಜಾಯಮನವು ಜಾಗತೀಕರಣದ ನೆಲೆಗಳನ್ನು ಎದುರುಗೊಳ್ಳುವ ಮತ್ತು ಜಾಗತೀಕರಣದ ಸ್ವಾತಂತ್ರ್ಯಗಳ ಪ್ರಯೋಗಶೀಲತೆಗೆ ತೆರೆದುಕೊಳ್ಳುವ ಚಿಂತನೆಗಳನ್ನು ವಿವೇಚಿಸಲು ಅರಿವು ಮೂಡಿಸುವುದು.

**ಘಟಕ - 4 ಸೃಜನ**

ಜಾನಪದ ಸಂಸ್ಕೃತಿಯ ಜೀವನಮೌಲ್ಯಗಳನ್ನು, ಶೈಕ್ಷಣಿಕ ಮೌಲ್ಯಗಳ ವಿಸ್ತೃತ ಚಿಂತನೆಗಳನ್ನು ವಿದ್ಯಾರ್ಥಿಗಳು ತಮ್ಮ ಜೀವನದಲ್ಲಿ ಅಳವಡಿಸಿಕೊಳ್ಳಬೇಕಾದ ಆದರ್ಶಗಳನ್ನು ಕುರಿತು ವಿವೇಚಿಸುವಂತೆ ಪ್ರೇರೇಪಿಸುವುದು.
